

Session on Web Intelligence

<http://www.ieccs.net/index.htm>

International e-Conference of Computer Science
(International *electronic* Conference on Computer Science)
28 June – 8 July 2007

Description

Web Intelligence has been recognized as a new direction for scientific research and development to explore the fundamental roles as well as practical impacts of Artificial Intelligence and advanced Information Technology on the next generation of Web-empowered products, systems, services, and activities. It is one of the most important as well as promising IT research fields in the era of Web and agent intelligence.

Workshop on Web Intelligence provides a leading international forum for researchers and practitioners to present the state-of-the-art of Web Intelligence technologies; to examine performance characteristics of various approaches in Web-based intelligent information technology; and to cross-fertilize ideas on the development of Web-based intelligent information systems among different domains. By idea-sharing and discussions on the underlying foundations and the enabling technologies of Web intelligence, Workshop on Web Intelligence will capture current important developments of new models, new methodologies and new tools for building a variety of embodiments of Web-based intelligent information systems.

Topic of Submission

- Intelligent Human-Web Interaction
- Knowledge Grids and Grid Intelligence
- Semantics and Ontology Engineering
- Social Networks and Social Intelligence
- Ubiquitous Computing and Web Agents
- Web Information Filtering and Retrieval
- Web Mining and Farming
- Web Security, Integrity, Privacy and Trust
- Web Services and Grid Services
- Web Support Systems
- World Wide Wisdom Web
- Intelligent E-Technology
- Web application (E-learning, E-business)

Important Dates

Submission of Extended Abstract: June 15, 2007 - Final Date

Notification of acceptance: June 25, 2007

Submission of the source files of the camera ready extended abstracts for AIP

Conference Proceedings: June 27, 2007

- Final Date

Submission of the source file of the presentation of the Conference lecture: June

25, 2007 - Final Date

Submission of the full paper for consideration for publication in Computing

Letters (CoLe): July 20, 2007 - December 31, 2007

Submission Method

Authors must submit an manuscript directly to the Session Organizer

(ccnu_luo2008@yahoo.com.cn)

***Organizers and Corresponding organizer**

Dr. Qi Luo

Affiliation: Central China Normal University, China

Mailing address: Department of Information & Technology, Central China Normal University, Wuhan, 430079, China

E-Mail: ccnu_luo2008@yahoo.com.cn

Dr. Luo has organized many conferences and workshops, selected

The International workshop on Teaching Computational Science (WTCS2006)

The International Forum on Education Technology 2006 (ETIF2006)

Forum Link <http://etif2006.ccnu.edu.cn/>

The International workshop on Teaching Computational Science (WTCS2007)
