

# Human Computer Interaction Session

## Topic Description

The Human Computer Interaction workshop will focus on the following topics. We encourage the authors who presents the application paper have a video demonstration of your applications.

- Human factor and Human Computer Interface
- Usability Evaluation and Methodology
- New Media Components in HCI design and research
- Content Pattern and intuitive visualization
- Web Application Usability and Associated Technologies
- Collaborative and Multi-users Supporting Techniques
- Virtual Reality and Augment Reality
- HCI in Instructional Technology
- E-commerce with HCI
- Data Collection and Research Activities
- Smart Prototyping and Interface Design Techniques
- HCI Emergency Technology showcase (Demo video required)
- Open-Source HCI Tools

## Important Dates

Submission of Extended Abstract: ~~June 15, 2007~~ **June 27, 2007**

Submission of Short paper (3-4pages): ~~June 15, 2007~~ **June 27, 2007**

Notification of acceptance: **July 1, 2007**

Submission of the source file of the Conference presentation: **July 4, 2007**

Submission of the source files of the camera ready extended abstracts for AIP

Conference Proceedings: **June 27, 2007**

Submission of the full paper for consideration for publication in Computing Letters (CoLe): **July 20, 2007 - December 31, 2007**

## Submission Method

*Format:*

- Instructions to the authors can be found here: 8.5 x 11 inch, single-column instruction booklet and 8.5 x 11 inch, single-column sample paper or [here](#).
- Word for Windows template file can be downloaded [here](#). Users Guide can be downloaded [here](#).
- LaTeX guidelines can be downloaded [here](#). Style files etc can be downloaded [here](#).
- General Guidelines, template and style files can be found [here](#).

Authors must submit a manuscript directly to the Session Organizer by email to at: [ieccs2007@gmail.com](mailto:ieccs2007@gmail.com). Detail submission check list can be found [here](#).

## Session Organizers

**Organizer:** Dr. Feng Liu Department of Information System  
Mercer University 3001 Mercer University Drive, Atlanta, GA 30341-4155

**Co-Organizer:** Dr. Ken Revels Department of Information System  
Mercer University 3001 Mercer University Drive, Atlanta, GA 30341-4155

**Call for Session Participation**

Please email Dr. Feng Liu at [ieccs2007@gmail.com](mailto:ieccs2007@gmail.com) to participate this session as a Program committee, Paper reviewer, or Monitor. Graduate student are encouraged to drop an email.
